# WELCOME TO THE 2013 AAE ARIZONA CUP

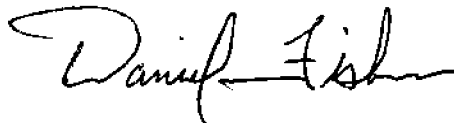

We are happy to host archers from around the country and the world and wish you the best as you compete and enjoy the desert of the southwestern USA. To the first timers, "Howdy" and we hope you can make it to the AAE Arizona Cup every year. To those that are returning, "Welcome Back", we hope you enjoy visiting with friends after a short winter or after many years.

## SCORECARDS AND RESULTS

- Archers are responsible for the arrow value, the total sum, the 10s and the Xs.
- Remember that the 10 count includes both 10s and Xs. X count is only Xs.
- Archers need to turn in their paper scorecards to have their scores recorded by the tournament. Archers will have a maximum of ONE HOUR from the end of shooting to turn in their completed paper scorecards. However, Archers should promptly turn in their scorecards to help keep the tournament on schedule.
- If two arrow values on the paper scorecards disagree once the arrows are withdrawn - the archer receives the lower value.
- Once the paper scorecards are signed and turned into event organizers:
  - If a box is not filled in - it may be zero (including a total score or distance score)
  - If a score total is greater than correct - it gets corrected
  - If a score total is lesser than correct - it may stay the lower score
- Results are deemed official upon the presentation of the awards.
- Arrow values on the paper scorecards are the official scores taking precedence over the electronic arrow values.

Tournament and Athletes Subject to the Rules of these Organizations:

Online Results may be found at:

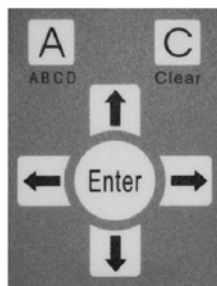

<http://www.ianseo.net/Details.php?toId=373>

## ELECTRONIC SCORECARD ETIQUETTE

- The Tournament depends on all scores being entered into the handheld unit and cannot proceed until each end is entered. Archers not entering the scores will be sent back to the target to enter them.
- In case of a system glitch, please wait at the target until the DOS announces further instructions.
- Treat the electronic scoring system as an additional scorecard.
- When there are 4 people on a target:
  - 2 paper scorers
  - 1 electronic scorer
  - 1 arrow caller
- When there are 3 people on a target:
  - 2 paper scorers
  - 1 arrow caller/electronic scorer
- Check the athlete names on the hand held terminals for correctness at the beginning of PRACTICE.
- Enter scores into the hand held terminals concurrently with the paper scorecards.
- DO NOT enter scores for absent archers.
- DO NOT enter your scores under the name of another.
- DO NOT rely on the electronic scoring system for addition on the paper scorecards!
- Compare the totals of the electronic scorecard with the paper scorecard before pulling arrows.
- Any errors made in the current end can be fixed through the hand held terminal.
- Any errors made in a previous end should be brought to the attention of the results team (Bring scorecards)
- If information on the hand held terminal is incorrect, bring it to the attention of the results team.
- If there is a discrepancy between scorecards and the hand held terminals, please check your paper scorecard addition first.
